

# San Andreas - Aircraft Code - AIR

## Applicability

1. This section applies to the operation of any aircraft to include airplanes or helicopters.
2. Aircraft must comply with all other codes except those codes which by their very nature can have no application.

## 01. Pilot Licenses

1. No person may operate an aircraft without a pilot's license for the type of aircraft being operated, unless they are accompanied by a certified instructor. The instructor is responsible for the conduct of a student and they are responsible for any Violation of the Aircraft Code.
2. No person shall have in his or her possession or otherwise under his or her control more than one pilot's license.
3. The licensee shall have the valid pilot's license issued to him or her in his or her immediate possession at all times when operating an aircraft.

Violation of Aircraft Code 01 is an **infraction** punishable by a fine of \$12,000.

## 02. Additional Certificate Requirements

1. A pilot that is operating an aircraft must have all of the following in his or her possession in addition to any documents required in any other section:
  - a. A duty log book.
  - b. Medical Certificate.
  - c. Accurate Cargo Manifest (for cargo carrying vehicles only).

Violation of Aircraft Code 02 is an **infraction** punishable by a fine of \$10,000.

## 03. Duty Day Limits

1. A driver that is operating an aircraft carrying persons or property for hire must comply with the following duty day requirements:
  - a. A pilot may be on duty no more than 16 hours per 24 hour period.
    - i. A pilot may drive for no more than 8 hours per 16 hour duty period.
  - b. A pilot must rest (be off duty) for 8 continuous hours per 24 hour period.

2. A pilot shall maintain a logbook which indicates the times at which the driver went on duty, off duty, was driving, and took his or her required breaks.

- a. Pilots will keep records for 7 days including the current day.

Violation of Aircraft Code 03 is an **infraction** punishable by a fine of \$10,000 and suspension of his or her pilot's license for 3 days. An airplane shall be put out of service for a violation of this section until such time that the violation is corrected. An airplane may not be put out of service for a violation that occurred prior to the last 10 hour rest period.

#### 04. Equipment

All equipment and lights on an aircraft must be in working order.

Violation of Aircraft Code 04 is an **infraction** punishable by a fine of \$5,000 and suspension of his or her pilot's license for 3 days. An airplane shall be put out of service for a violation of this section until such time that the violation is corrected.

#### 05. Restricted Flight Areas

1. Aircraft may not operate in any of the following areas:
  - a. Over Fort Zancudo.
  - b. Under 500' over any building structure or person except when required for takeoff and landing.
    - i. Except for law enforcement and medical life flight operations.
  - c. In such a manner to interfere with the flight pattern at any airport.
2. Aircraft may not land on any location not intended for the operation of aircraft except in an emergency.
  - a. Exceptions:
    - i. Law enforcement and life flight helicopters.
    - ii. Helicopters landing on private property with the permission of the owner.

Violation of Aircraft Code 05 is an **infraction** punishable by a fine of \$15,000 and suspension of his or her pilot's license for 3 days.

#### 06. Alcohol Rules

No person may operate an aircraft under the following conditions:

1. Having had alcohol within the last 8 hours.

2. With a blood alcohol level over 0.04 percent.
3. Under the influence of any drug contrary to safety.

Violation of Aircraft Code 06 is a **misdemeanor** punishable by a fine of \$20,000 and suspension of his or her pilot's license for 3 days and 60 seconds imprisonment.
